Template Due: March 29th
Final Product Due: May 3rd

The rubric below outlines what should be included in your website. This website is how your group will present your work related to Grand Challenge, so think of it as an online portfolio. You are to create your website using Google Sites. Time will be scheduled for you and your group members to have access to computers during class time to create your website, however, some time outside of class may be required.
IMPORTANT: <u>Do not publish your full names on your website.</u> Instead, use your first initial and last name (ex. L. Kelly or N. Rodriguez).
